After a winter of speculations, and many, many prayers to the racing gods, Lancaster Motorsports Park was purchased, and then came the speculation as to whether the track would be ready for opening before June. Well, with a lot of hard work on the part of Vito, Mike, and Sylvia, the new owners, and help from many in the racing community, things came together much faster than I have ever seen the track get prepared in the past.

“Test and Tune” night went well. A few minor glitches but that is to be expected for the first night. The track started their points season on May 24th, and again things went well. Nearly 180 cars attended opening night. The weather cooperated so the crowd got to see a lot of good racing. The Buffalo Street Outlaws and the TNT Super series participated as well as the five weekly series classes. Again, just a couple of glitches, none of which affected the racing.

The guest announcer was Carl Russo, from “97 Rock,” or (97Russo) as we like to call it.

We’re not sure what to call the track as some say Lancaster Dragway or New York International Raceway Park, and some just call it NYIRP. Hey, I still call the Bison baseball stadium Pilot Field. Whatever you call it, it’s called home to many of the Western New York racers.

A full schedule is displayed on their facebook page and website, and as for the stock car schedule, I understand the Race of Champions group will be scheduling the races for now.

Again, “THANKS” for keeping a 60 year old tradition in Lancaster “ALIVE,” and best of luck to the new owners. Let’s hope it’s a fun filled safe season.

A big “THANKS” to Kristen Ruble for the great photos of Test and Tune Night and Opening Night at NYIRP.

It’s ALIVE!

(Continued from Page 8)

(Continued on Page 21)
Well the start of crusin’ season hasn’t started off with a bang, rather its been more like a splash. It’s rained 31 out of 37 days from mid April to mid May. I know a lot of cruise locations don’t start until late April, but between then and May 15th, the only one able to cruise was Noah.

Even getting rides out of storage was delayed for many, which made getting them prepped and shined for crusin’ delayed. But have no fear, even though this is WNY, spring and warmer weather will be here soon, it might happen in July, but it is coming.

Some cruise locations who booked live bands had announced that the party had been moved inside to accommodate those who were planning on crusin’. Like one person on Facebook said “Summer will be here soon, I only hope it comes on Saturday, instead of Tuesday like it did last year”.

**Crusin’ 2019**

Speaking of cruise locations, make sure you check this *Magazine* periodically. We are still receiving new cruise information. So if you want the up-to-date information on car shows and cruise locations we update the files as we get the new information, which lately is almost every week.

There are a variety of new locations to choose from, and some might be a little bit of a ride from where you live, which puts the “cruise” in crusin’. We currently have 41 cruise locations listed and you can cruise any night of the week. I’m sure there will be more added to the list once the weather gets better. Remember, if there is a cruise location that you know about, advise the owner to contact us and we will add it to our list.

**Father’s Day Treat**

Instead of giving your father another neck tie that he may never wear, treat him to a day out at one of the many Father’s Day car shows. For a weekend get-a-way, there is the two-day car show at Darien Lake. You can attend Saturday or Sunday, or even better stay overnight and do both days. This is a fun place for the whole family as the park has entertainment for all ages.

Then you have the Clutch Artists’ Car Show at Deep South Taco (formerly Quaker Steak & Lube), Transit Road, Williamsville, NY, where you can enjoy the vehicles and treat dad to a great meal.

The Pierce-Arrow Museum does not have a car show, but a great place to view automotive history including the Frank Lloyd Wright gas station. Again, a great family event.

And the last Father’s Day show we have listed is the Man-Day Car show at the Victory Church in Troy, Pa.

Full information on these shows is listed in the events page of this *Magazine*.

Advertiser Spotlight

By Andy Sackett

GETZ WELDING

Every so often we will be shining a spotlight on a advertiser or fabricator who has deep roots in the automobile hobby. This month we are featuring an excellent welder who has been working on cars since he was 14 years old.

Carl Zebrowski, owner of Getz Welding conveniently located on Campbell Blvd., in Getzville, NY, just one mile off Millersport Highway is this month’s spotlight. A lifelong resident of Western New York, Carl began his training at Burgard Vocational High School, starting with Auto Tech courses which included machine shop and welding. He knew that type of work was his passion so upon graduation he worked for 10 years at J.H. Williams in their machine shop.

Twenty years ago he total restored a Monte Carlo (frame off), which consisted of making the parts and all the welding. He then purchased a lathe/mill and several welders for future work. He learned his craft under several pipe fitters and welders over the years.

Carl is an expert at Mig, Tig, and Stick welding as well as aluminum, stainless and mild steel. He can machine most metals and make anything, given ideas and time. Carl has worked on high dollar classic cars and understands the importance of quality work, as poor workmanship not only decreases the value of the vehicle, but ruins his reputation.

Currently he is working on a 1967 Chevy II Pro Street 540 cu. in. supercharged big block. Everything is literally being made by hand to fit. So if it’s just some basic welding or a one-of-a-kind piece made for your special ride, with a shop full of specialty equipment, Carl is your man. His shop includes a sheet metal shear, Beverly shear, metal brake, lathe, Bridgeport mill with tooling, Mig,Tig, welders, and spool gun for aluminum. Carl does work for Corvettes and Performance, Siegel Drainage, Stromm Grading just to name of a few of his countless clients.

Give Carl a call at (716)445-9007 and check out his ad in this Magazine on Page 12.

Trophies will be awarded.
2018 Elderwood Lockport Cruise Night

BY GARY SWIATOWY
LOCKPORT, NY

The Elderwood Homes have been sponsoring cruise nights at their various locations throughout Western New York for a few years now, providing entertainment for the residents, and an option of locations nearby for the cruisers. Their newly acquired facility in Lockport was added to the schedule this year, and they really went all out at this one.

Generally, there are dash plaques and t-shirts for the first 25 cars at each cruise, and also a coupon for some food item, usually a hot dog. For Lockport in addition to the t-shirt and plaque, there was a $10 certificate for the “Meat the Press” food truck that was there making some really great sandwiches. There were also other food vendors there as well. Employees were giving out goodie bags to participants, and walking around with baskets of candy. For entertainment, there was a DJ, a Mime, and a guy walking around on stilts. If you wanted you could take a tour of the facility and if you did you got a $5 gift card to Timmy Ho’s. The manager of the facility was out there making the rounds and talking with the cruisers.

This year’s event in Lockport is August 14th, but Elderwood’s first event is June 5th on Grand Island. Check out their flyer on Page 20.

2018 Elderwood Lockport Cruise Night
Mount St Marys 2018 Car Show & Music Festival

BY GARY SWIATOWY
KENMORE, NY

We had great weather last year for this event, marking its seventh year, and a decent turnout of cars, trucks, and even a boat making the trip to the Mount St. Mary Academy on Delaware Avenue in Kenmore!

You can’t go wrong with this event, first 100 cars get a free t-shirt, dash plaque, and goodie bag. There was free coffee and breakfast for driver and passenger, and other food and wine tasting available. There is even a pizza tasting where six area pizzerias compete for bragging rights and an award for either best traditional or specialty pizza. And for 5 bucks you get samples to try for voting, good deal!

They have an assortment of vendors, raffles, both a DJ and music and dancing from the students at the Academy. This is much more than just sitting behind your car all day. I’m looking forward to this year’s event on August 24th. [CLICK FOR FLYER]

Great variety of cars showing up for this, some regulars who I’ve seen here before, and an unusual Wayne 100 Corvair powered boat. How unusual is that?
